Government Will Build Road to Lake

A gravelled highway to Gull Lake Bentley, and the country west is now an assured fact, and work of construction will be commenced just as soon as engineers can get out the specifications. This is the good news brought back by Reeve M. Madden, Coun. Parker and others who interviewed the Minister of Public Works on Wednesday last. Under the arrangements completed the government takes over the highway from Lacombe Mills to the west boundary of the property at Gull Lake Park; the Village of Gull Lake builds the road from the government property to the limits on a 50-50 basis; Crown Municipality builds on to the Meridian on a 50-50 basis and Lorne Municipality takes the road through to Bentley and Sylvan Lake, also on a 50-50 basis.

The road to Gull Lake will be an "A" road; the same as the Edmonton trail. From there on it will be what is termed a "Secondary" road. The delegation waiting on the Minister was composed of Hon. Irene Parby, Reeve M. Madden, Coun. Parker, Coun. Brownlow, A. Harnstad, Peterson, and the Reeve of Bentley.

The delegation express great satisfaction at the work Hon. Irene Parby did in this matter, our men putting up a strong fight for the much needed highway, and in the end converting the Minister of Public Works, who at the outset was not too favorable to the scheme.

This road will be a boon to thousands of settlers west of Lacombe, and was "a long felt want."

Improvements at Gull Lake

The wants of the holidaymakers at Gull Lake will be well looked after this summer. Every possible convenience and accommodation will be provided for by the various stores. Mr. O. Woellner, proprietor of the Aspen Beach Grocery, has this year enlarged his place of business and he has installed a first class ice cream parlor. When at Gull Lake give Mr. Woellner a call, and you can be sure of first class groceries and courteous service. He carries a complete stock of all commodities, so leave your orders for groceries, fresh vegetables, fresh fruit, ice cream, etc., with him and you will receive his prompt attention.

A new store has been opened by Mr. Frank Cox, the Minto Park Grocery, which is located near the Bentley Road, at Aspen Beach. Mr. Cox has put in a large stock of supplies, and will be pleased to serve you. He will deliver groceries to your door free of extra charge. His store is also headquarters for the different magazines and newspapers. Drop in and visit Frank, you will be pleased with his store and ice cream parlor.

The Lakeside Auto Camp, a new and valuable acquisition to the lake has been opened this summer by Mr. Louis Ebeling, at the south-west part of Aspen Beach. Auto tourists, and picnicers will find everything at this place ideal for camping. Mr. Ebeling has a complete line of holidayer's supplies at his store, and the camping ground is well treed and sheltered from the storms. Campers can get a wonderful view of the lake right from the grounds. If you are figuring on having a picnic or a holiday, there is no better place than Lakeside Camp.

Mr. L. Sandbrook, has his place running full swing now, and reports business bigger and better than ever. He has a fully modern equipment, and is there to serve you. His place is centrally located and there is ample parking space for cars right on the premises. As an added convenience Mr. Sandbrook has at his place a full sized concrete tennis court. Call around and visit his place.

The McDonald Hotel is now open for business under the capable supervision of Mrs. J. Hazelwood. Mrs. Hazelwood is well and favorably known to many people throughout Alberta, having been proprietor of the Sylvan Lake Hotel for several years. A first class dining room is operated in connection with the hotel and the rates are reasonable. The travelling public are sure of a nice, homelike place to stay when at the lake.

Mr. Geo. Fernie has greatly improved his place this year. The outside of his buildings has been veneered with natural rock, and now has a splendid appearance. Regular dances are being held in Fernie hall, where Bob Lyon and his Albertans are playing the peopled of dance music. These dances will be held every Wednesday and Saturday evening for the summer. You are sure of a good time at Fernie's Hall. Fernie's store is also well stocked with groceries, and you can also get ice, milk, vegetables, fruit, wood, etc., at this store.

The Government Park is now under construction, and is being plowed and levelled in readiness for the planting out trees, laying out of recreation grounds, auto parking space, etc. The Government Pier, which is over 600 feet long is a great asset to the lake as it makes it most convenient for boating. When all arrangements are completed by the government, Gull Lake will undoubtedly

eddy off Alberta's Premier Summer Resort.

Arrangements were completed by the government yesterday for the travelling of the Lacombe-Bentley highway. Work in connection with this road will begin in the near future. It is planned to building the new road through from Lacombe to Sylvan Lake, via Gull Lake and Bentley. This long wanted gravel highway will prove a great boon to the travelling public, and will also be a beautiful scenic route.

The Slide and Diving Platform will be put into the lake this week which will be good news to the children. The Gull Lake Aquatic Club have painted these conveniences and they now look very attractive.

Interesting Entertainment

ENTERTAINMENT AT MOUNTAIN GROVE SCHOOL WAS A GREAT SUCCESS

One of the most successful entertainments in the history of the school took place at Mountain Grove on Monday last. The exceptionally large crowd present, expressed themselves in no uncertain terms that the entertainment provided, especially by children, was worth twice the amount they had paid to hear them. Every pupil of the school who entered in the various contests under the auspices of the School Fair, earlier this summer, took part in the program, either with a song or a recitation. The drills and choruses were, however, the most enjoyed items on the programme, and reflect great praise upon their teacher, Mrs. Banks, and upon their music teacher, Mrs. H. W. Woody. It was simply evident from the masterful way in which the pupils carried out their various numbers, the tremendous amount of work and practice that must have been spent in their behalf. Some of the songs and recitations by these young children, would have been extremely difficult for people much older. The people living in the Mountain Grove school district, and the justly proud of these children, as they certainly have made a creditable name for themselves in the School Fair competitions, in every class. They have won in the past few years twelve or thirteen diplomas for merit, besides a shield. This is surely a record to be proud of.

Mr. N. N. Woody acted in the capacity of chairman, and made a very able one. There was not a break in the programme, nor did the programme drag, as Mr. Woody was always ready for every emergency, and kept everything moving smoothly. If there was any delay in any of the numbers, he would come to the rescue with an animated song or equally animated story.

Those who assisted the children in the programme, were Miss Margaret Aldwinckle, who gave two recitations, and as is usual for Margaret she delighted the audience. Mr. Andrew Gibson favored those present with two baritone solos, which were greatly enjoyed. Mr. Harold Woody, sang two bass solos, and did so in a very pleasing manner, and received a loud and long applause. Undoubtedly the most pleasing items on the grounds part of the programme were the tris sung by Mr. and Mrs. N. N. Woody and Harold Woody. These old favorite melodies were very pleasing and were greatly enjoyed by everyone. Mr. and Mrs. N. N. Woody, also favored the audience with several solos. The last item on the programme was a saxophone solo by Jack Halpin, which was greatly enjoyed by all.

At the close of the programme, Mr. Wm. Chessor, thanked all those taking part in the entertainment. And moved a vote of thanks to Mr. Banks, teacher of the school and to Mrs. H. W. Woody who has so ably looked after the musical part of the programme. His motion was carried out most enthusiastically.

A bountiful lunch was served immediately after the concert, to which everyone did full justice. Following the lunch a dance was held, music being donated by Mr. and Mrs. Woody and Jack Halpin who were certainly making them step, and kept them dancing till the wee hours of the morning. During the dance the orchestra was relieved for several dances by Mrs. Robt. Gibson and Mr. Cameron Fraser.

It was certainly a wonderful evening of entertainment and everyone enjoyed it to the limit, and all are looking forward to another get-together of this kind. The proceeds of the entertainment go towards the piano fund, which is enriched by \$25.75 thereby.

King - Bennett

Elections are matters largely of personalities. Principles wrap themselves around personalities, always. The coming election in Canada may be decided largely by the effect of the personalities of the two party leaders on the electors. It may not be what these leaders stand for so much as how they stand up before scrutiny. The appeal of personality is a dominating factor in all elections. It may be that we have not in our present Canadian party leaders such outstanding personalities as MacDonald or Laurier. Nevertheless, in each case, this precious quality will count tremendously. To give the reigning leader first place, Mackenzie King is one of the outstanding figures in Canadian political history. He has been Prime

Minister of Canada for nine years, had Cabinet experience prior to that, and has what few cabinet ministers possess, experience as a civil servant before devoting himself to politics. He has probably the best training for public life that any man in Canada ever has, and many people hold that he has the best equipment for statesmanship possessed by any public man in the Dominion. He knows his business, is a master of statecraft, and an adept at strategy. He is often accused of Americanism, but that is just so much twaddle. What man would sacrifice the highest position in Canadian public life to become a comparative nonentity in the United States.

R. B. Bennett has not devoted so many years of his life to statecraft as has Mr. King. He made his fortune first and gave himself to public service afterwards, while Mr. King has practically devoted his whole life to public service. This is no reflection on Mr. Bennett. It has enabled him to bring some qualities and talents to public service that Mr. King could not possess unless he had trod the same path. He is a shrewd lawyer of the corporation type, a man who has been successful in many business enterprises, and withal has not lost uncultivated the talent for political administration. He has much of the revivalist about him, in that he is enlivened in speech and can be carried away by the pressure of high moral appeal, this being no mean advantage to him on the hustings.

Both are bachelors—more the pity!—both presentable men, both sincere Canadians, both Imperialists in outlook, both ambitious for power and office. Neither of them would sell their country. King would probably be guided more by the head and Bennett more by the heart. They differ not so much in politics as in the manner of applying them. There they are, you have a vote; you take your choice.

Here and There

(551) A new queen of the Pacific will pay homage August 24 to a former Empress of the seas when the Canadian Pacific liner Empress of Japan, new 25,000 ton flagship of the company's Pacific fleet, steams through the Narrows to Vancouver's victorious applause. Just before reaching Brockton Point the new Empress, gay with flags and bunting, will display her design to the dragon-carved figurehead which rests on its pedestal in Stanley Park overlooking the waters of Burrard Inlet. The figurehead is that of the old Empress of Japan, scrapped and sold in 1925 after 31 years of service between Canada and the Orient.

Impressively simple ceremonies were held at Port William recently for the late P. E. Trautman, for the past 18 years Canadian Pacific Press representative in Western Canada. He was buried in the city where a large part of his career as a pioneer western newspaperman was passing, as editor of the Port William Times-Journal. The cities of Port Arthur and Port William were officially represented at the funeral, and the railway company while a large number of private citizens paid their last respects.

S.S. Princess Joan, new 5,000-ton steamer of the Canadian Pacific fleet, left Vancouver for the British Columbia coast, became a floating hotel at Vancouver where 435 members of the Grand Masonic Lodge of British Columbia, swarmed aboard for the 50th annual convention at Powell River.

The Algonquin Hotel at St. Andrews-by-the-Sea, has opened ahead of its usual time with three conventions booked prior to the official opening of the St. Andrews season the last week in June.

Fifteen years ago the average hen in Canada laid 50 eggs annually, according to Professor E. A. Lord of British Columbia. This number has now grown to 70. From extra eggs alone, Canada has produced an increased revenue of more than \$200,000,000.

Nearly one billion dollars was invested in central electric power stations in Canada at the end of 1928, or \$24,215,000 to be exact, according to an official report issued by the Canadian Government Bureau of Statistics. This is twice the amount of the investment in this industry in 1920 and over \$90,000,000 more than the total in 1927.

At the fourth World's Poultry Congress to be held at the Crystal Palace, London, July 25-30, Canada will have a total of 453 birds in competitive entries, also 453 exhibition birds and 244 production birds. Exhibits of ducks, geese, pigeons, and rabbits will also be there from the Dominion. Birds from the ranch of H.R.H. the Prince of Wales, Alton, near the High River, Alta., will be among the most interesting exhibits.

The first four months of the current year saw 563 homesteads filed upon in western Canada than during the same period last year. The increase was furnished almost entirely by Alberta, though British Columbia showed a small gain.

D. A. Lothian Guest of Honor

About thirty of the businessmen, mostly old timers of the town, attended a banquet at noon Friday, June 27th, at which D. A. Lothian, Manager of the McDevitt Drug Co., was the guest of honor. N. I. McDermid of Calgary, was also present. Mayor G. T. Jackson, presided as chairman of the gathering. N. E. Carruthers, Secretary of the Town, expressed the regret of the community at losing Mr. Lothian and his family and on behalf of his fellow-citizens presented him with a travelling bag, to which Mr. Lothian appropriately replied: "Miss Emma Reed sang two beautiful solos, which were much enjoyed. Mr. Lothian, who has been manager of the McDevitt Drug store here for the past twenty years, has disposed of his personal effects and with his family is leaving immediately for Ontario, where they will visit with friends and relatives during the summer months. Further than that, their plans are rather indefinite, but there is a possibility that they may return to Calgary."

The family will be greatly missed in Lacombe, where they have taken an active interest, both in church work and in the realm of sports. Mrs. Lothian, besides being a member of the Ladies' Golf Club, which organization recently held a tea in her honor, has also been a valued member of the Let's-We-Forget Club since its inception and she was guest of honor at a banquet given by the members of the club at the Empress hotel very recently. Mrs. F. E. McLeod and Mrs. W. T. Hynes, were hostesses at the home of Mrs. Hynes, to about forty old time friends, at which gathering Mrs. Lothian was presented with a sum of gold. Mrs. A. M. Campbell making the presentation.

The young folks, too, have made a large place for themselves in the life of the community and will be greatly missed. Donald, as well as holding the office of Minister of Education in the Alberta Boy's Parliament, has been a leader of the local Tuxis Boy's group and a teacher in the Sunday School, and together with his brother Tom takes a great interest in all athletic sports. Nancy, the only girl, has held various offices in several of the children's organizations of the church.

Clive School Promotions

Principal Geo. Vandervort of the Clive School and Miss A. Reynolds, are going to Edmonton this coming week to mark examination papers.

The schools of this district held their annual closing exercises on Friday afternoon, when there was a distribution of reports and prizes. At Spring Valley the whole afternoon was given over to a real community picnic. Rev. I. N. Hughton, pastor was invited to be present and gave a brief address on the value of education as it affects the whole life, particularly the importance of linking Religious Education in the form of Vacation Schools, in which a program for a week or so is worked out in half day periods for the express study of the principles of Jesus in the building up of the Four-Fold life.

The latter showers have greatly revised the crops, although, second seeding has been necessary in many places, especially where the soil has drifted.

The town has been busy grading up its streets and graveling the main street leading out to the highway.

The Clive United Church Annual Circuit Picnic was held as usual at McJannet's Grove on Tuesday the 21st of July. A full program of sports followed the noon basket dinner. A refreshment booth was on the grounds. This is the picnic where you see everybody and everybody wants to see you.

Mrs. Frank May has undergone a major operation at the University Hospital, but is doing as well as can be expected. Mrs. E. Boddy has returned feeling greatly improved in health.

Miss Phyllis Henn, organist of the United Church has accepted a position as pianist and soloist for the "Georgian Singers" for the summer months. Word has come bringing news of their success.

Mrs. S. Rainy and Mr. B. F. Allison left Saturday morning, June 28th for Portland, Oregon for an extended holiday.

Great credit is due the teachers for the high standard set by the pupils in all grades. We are sorry to lose Miss A. Reynolds from the staff this coming term, as she has been most efficient in her work, having taught here for over five years. It is expected that the other teachers will remain, at least it is hoped for.

GOLF TOURNAMENT

The first annual tournament of the Lacombe Golf and Country Club will be held Wednesday and Thursday, July 9 and 10, and Secretary A. Belcher states that everything points to the event being a fine success. Lacombe can boast of the best nine hole course in the country, and it will be in excellent condition for the forthcoming tournament.

There is every likelihood that a number of outside golfers will enter.

LADY GOLFERS WILL SERVE TEA DURING TOURNAMENT

The ladies of the golf club will serve tea at the Club House on Wednesday and Thursday, 9th and 10th, and will provide lunches both days. Afternoon tea will also be served to

visitors, whether golfers or not.

Mr. C. Lewis, graduate of Toronto University, will preach in St. Andrew's on Sunday.

A meeting in the interests of the U.F.A. candidate, Mr. Wm. Irvine, will be held in Morningside on Tuesday, July 8th, at 8:30 p.m. Every body come. Every opportunity will be given for questions. The Lacombe meeting will be held on Thursday, July 24th, in the Vet. Theatre.

Mr. C. Wolfertsen, returning officer in the recent election, was seriously injured in an auto accident on the trail on Tuesday last, but is reported to be making satisfactory progress towards recovery. Mr. Alex May, who was with him, escaped with a bad shaking up.

Mrs. Hugh Reed and daughters Kathleen and Margie left on Monday for Vancouver, and other points in B. C. On their return Margie will go to Edmonton to take charge of one of the floors in the new wing of the University Hospital.

Lincoln U.F.A. local invites you to attend the regular meeting on July 9th, at 8:30. Mr. Robert Gibson and others will give interesting addresses on the weed problem. Everybody welcome.

There will be a concert at the Boys' Camp, Gull Lake, on Wednesday evening, July 10. Talented musicians will take part in the programme. Collection will be taken in aid of camp funds.

Liberals Bring Out Farmer Candidate

A three-cornered fight was launched for the Wetaskiwin Federal riding when the Liberals named William Hayhurst on Monday. The other two candidates are William Irvine, Independent-Progressive, and J. H. Russell, Conservative. The meeting held in the Audien Theatre on Monday brought out a large number of representative Liberals from all parts of the Wetaskiwin Federal Constituency for the purpose of selecting a standard bearer in the forthcoming election. William Hayhurst was chosen. A resolution was unanimously passed by the meeting, expressing confidence in the government of the Right Hon. Mackenzie King and the belief that his government merited return to power at the Dominion election on July 28.

Seven names were placed in nomination, namely, H. W. Joalin, Leduc; William Hayhurst, Ponoka; James Connelly, and Captain J. C. Bowen, Edmonton; W. H. Odell, Wetaskiwin; Dr. Campbell, Ponoka, and W. F. Puffer, Lacombe.

Each of the candidates addressed the meeting at some length, all withdrawing excepting Messrs. Joalin, Hayhurst and Connelly. On the second ballot Mr. Hayhurst was elected as the candidate and he was made the unanimous choice of the meeting amidst enthusiasm.

The three nominees standing for election, as well as Captain Bowen, delivered addresses, referring to the progress made in Canada during the past nine years under the Liberal regime. Mr. Hayhurst, in thanking the convention for the honor conferred in selecting him as the candidate, referred to his association with the U.F.A. movement for many years but he could not accept its policies when it entered politics.

He was also a member of the wheat pool and felt confident that he would be given considerable support from U.F.A.

He appealed to the delegates to get out and work until election day and if this were done, there would be a very bright prospect of being successful in winning the election on July 28.

In the event of his election he pledged his support to Premier King and his administration. The election of officers also took place, resulting as follows: Honorary president, the Right Hon. Mackenzie King; honorary vice-presidents, Hon. Chas. Stewart and J. W. O'Donald; president, H. J. Montgomery, re-elected by acclamation;

vice-presidents, Leduc Constituency, A. P. Mitchell; Strathcona constituency, William Lang; Ponoka constituency, Dr. Campbell; Lacombe constituency, W. F. Puffer; Wetaskiwin constituency, W. C. French; secretary-treasurer, W. H. Odell; executive, Strathcona, C. Peel, Harry Cain, H. A. Calder, Pat Raddigan; Leduc, Mr. Harris, Mrs. Tredgold, G. A. Wagner, Mr. Shangle; Ponoka, L. S. Outler, Mrs. H. Miller, A. Cole, E. Hinkley; Lacombe, A. M. Campbell, William Sommerville, R. M. Gibson, C. Dameron; Wetaskiwin, Mrs. Geo. D. Wallace, W. Maxwell, V. E. Thompson, T. T. Jevne.

Mr. Hayhurst is one of Alberta's progressive farmers. He has for years farmed several hundred acres in the Ponoka district with success. He is known as a great student of economics, has a firm grasp of the difficulties the farmers of the west are now confronting, and is an indefatigable worker. He will in the near future meet the electors of Lacombe and district.

WILL VOTE STRAIGHT PARTY

During the late provincial election the U.F.A. campaigned against the independents on the grounds that as there was no chance to defeat the Farmer Government it would be foolish to elect a man who would have no weight in the house. The farmers will have an opportunity to carry out this idea in the Federal contest this month. There is not the slightest doubt but that either the Liberal Government or Conservative Government will be in power at Ottawa, and what object can the farmers have in voting for independent "Labor" such as Wm. Irvine. We forgot—Mr. Irvine is now also U.F.A. Our member has been unable to accomplish anything for the advancement of the country since he has been representing us as an independent. A straight follower of either government in power at Ottawa is in a position to have his ideas carried out. As Wm. Irvine himself says, "there is no such animal as an independent" in the Ottawa House.

WOMAN'S PLACE IN CANADA'S LIFE

Evelyn Kobb
There is one fact about this country of ours which a great many people do not seem to realize and that is that it is a great country for women, for no country in the world offers better opportunities to women than does Canada. If they do not take advantage of these opportunities it is not the fault of the country or of the government, but of the women themselves. I am beginning to think that the average woman makes a lot of fuss about her rights, fights to get them, and then loses interest in the question. After all, what have women done in Canada? There are a few women doctors, a few lawyers, a few have fairly good positions in the business world, there is one woman in parliament and one in the Senate. What kind of a record is that for a country the size of Canada?

You hear it said, "Canadian women are not given the same opportunities as American women are. Across the line, women can go into any kind of work and be given an equal chance with the men." That may be true, but the only reason it is true is because Canadian women do not insist on being given that equal chance. The opportunities are here if you will only grasp them. You may have to fight for your rights, but all through the history of the world people have had to fight for the things worth having. Women of other countries have gone through the same trials as we are going through in order to gain recognition, and have come out on top. Is there any reason why Canadian women cannot do the same?

It has been proven in other countries that women are capable of doing many of the things which, a few years ago only men were supposed to understand. Many women have made names for themselves in the realms of science, law, medicine, politics, business and in that newest of all professions, aviation. Who are these women who are doing such wonderful things? English and American women for the most part. Not Canadians.

Our country is young and still in the formative period. There is much to be done before Canada will reach its rightful place among the great nations of the world, and the women of the country can play a big part in that work, if only they will. Most of us have the blood of pioneer women in our veins, which should give us the courage to face any difficulties.

Men are never particularly anxious to see women doing the same work as they themselves do, especially if they can do it better. That is one of the chief reasons why women in all countries have had to work so hard for recognition in whatever form of work they have undertaken. But these other women have proved that it can be done, that men can be made to realize that women are capable of doing more than nursing, teaching, or raising families.

A lot of Canadian women study medicine, law, architecture and all the various professions which were once supposed to be sacred to men, and when they have their degree give up the idea of practicing because there are too many obstacles to overcome. Others who are in business do the work of a man and are content to get half the salary a man would be paid for the same work. On the face of it this isn't fair, and if women would stand up for their rights such conditions would soon cease to exist. Canadian women should realize the significance of the recent decision regarding the admission of women to the Senate that women are "persons" and act accordingly.
